

Naylor Grass Protection Plates Accessories

Locking System

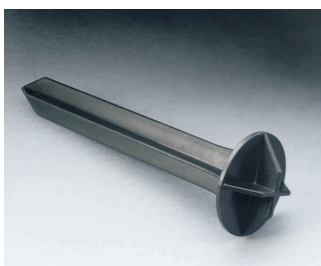

Naylor GS Plates have a unique interlocking concept which reduces displacement of individual plates under load. This is very effective and aids the speed of installation.

Demarcation Inserts

For demarcation of car parking bays etc.

Available in various colours (subject to minimum order quantities - please contact our sales office for further information).

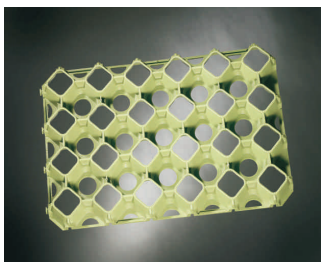

GS Pegs

Used to prevent lateral movement

3 No pegs are required per m² on:

- Any unrestrained edge
- Any aggressive turning areas: eg where vehicles enter a car park and turn left or right
- Uneven ground or slopes exceeding 5%

Grass Protection Plates

Virgin material (Green)

Recycled material (Black)
