

Naylor Lift Shaft Lintels

Naylor Specialist Lintels have recently been specified for a new goods lift at Boots The Chemist in the Meadowhall shopping centre near Sheffield.

The Naylor technical team worked closely with the Contractor (Buckfield Group) on site to design unique prestressed concrete lintels complete with UNISTRUTS cast in. The specialist units were delivered and installed within a demanding timescale.

Naylor specialise in special lintels and their free design and technical service can be contacted in any of the following ways:
