# Naylor Specialist Plastics Agricultural, Equestrian and Dog Jumping Tubes

Standard & Bespoke Solutions for use within the Agricultural, Equestrian and Dog Jumping Environments

## Brisket Boards & Support Rails

HDPE brisket boards and support rails gives a more friendly and hygienic alternative to timber and steel, having a smooth rounded surface and being much easier to clean off at turnout time, available in bespoke sizes, wall thickness and lengths to suit specific designs. Tubes can be manufactured in any colour required, and supplied with a suitable ID/OD to suit standard plugs and caps.

### Some standard sizes:

- 63mm OD 3.5mm wall
- 63mm OD 6.5mm wall
- 75mm OD 6mm wall
- 75mm OD 12mm wall
- 125mm OD 7.1mm wall

All sizes are nominal, tolerances can be agreed prior to manufacture.

Minimum Order Quantities may apply

## Equestrian Jumping Poles

Polypropylene, PVC and HDPE poles provide extremely tough and resilient pole and can be offered in round, square, rectangle and D shaped profiles to the required wall thickness to suit plugs and caps, lengths can be cut as required. We offer 100's of colours options including UV stability and colour fastness additives if required. Tubes can be made to slide into one another to allow swivel joints and telescopic lengths.

### Some standard sizes:

- |                         |                         |
|-------------------------|-------------------------|
| 30mm OD 2.5mm wall      | 91mm OD 2.5mm wall      |
| 41mm OD 2.25mm wall     | 99mm OD 3mm wall        |
| 42mm OD 2.5mm wall      | 100x100mm Sq 4mm wall   |
| 47.85mm OD 2mm wall     | 110mm OD 6.5mm wall     |
| 50x50mm 4mm wall        | 110mm OD 8.5mm wall     |
| 75x50mm Rect 4.5mm wall | 100mm D Sec. 3.5mm wall |
| 80mm OD 3.5mm wall      |                         |

Minimum Order Quantities may apply

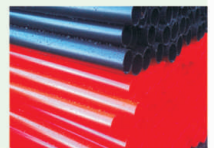

## Dog Agility Equipment

Polypropylene, PVC and HDPE poles can be supplied for many different finished products. Tubes can be produced in any colour required with UV stability and colour fastness additives to prevent the tubes fading and going brittle.

### Some standard sizes:

- 30mm OD 2.5mm wall
- 41mm OD 2.25mm wall
- 42mm OD 2.5mm wall
- 50x50mm 4mm wall

Minimum Order Quantities may apply

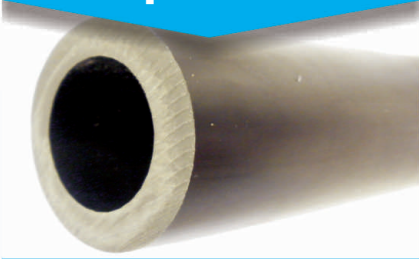

## Modular Bays

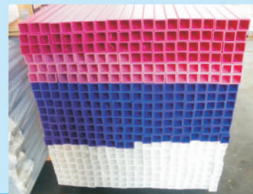

Naylor Easiwall blocks are the simple and robust cost effective solution to permanent or temporary situations. Ideal for material bays, stock walling, grain walling, traffic calming, security and property protection.

## Bespoke Sizes

Tubes can be manufactured to your exact requirements with regards to OD, ID, wall thickness, colour and length. This 75mm OD tube was required to have a 12mm wall to give it strength and rigidity to act as a support brace.

Please phone our sales team on **0121 522 0290** to discuss your exact requirement
