

August 2024

# MetroDuct – Single Wall

MetroDuct is available in singlewall corrugated profiles. The lightweight, flexible corrugated duct copes with trench undulations and the high impact resistance minimises special preparation of beds and eliminates the need for special surrounds in most instances. Supplied plain ended. Couplings to be ordered separately.

<b>Material</b>	HDPE
<b>Colour</b>	Colour dependant on use, please see below. Special colours and wall thicknesses available on request
<b>Marking</b>	Varies with application
<b>Quality System &amp; Inspection</b>	All quality systems and inspection procedures comply with BS EN ISO 9001: 2015 (Certificate No: FM 01420)
<b>Packaging</b>	Coil lengths range from 25m to 150m, all coils are shrink wrapped to pallets. Quantity of coils per pallet are dependent on coil diameter and length.
<b>Storage</b>	For long term storage keep away from direct sunlight to avoid product degradation, over 12 months exposure to direct sunlight should be avoided
